

The T-RV-11 mini-marker complies with the standards of the Ministère des Transports du Québec (M.T.Q.). It features a surface with alternating white and orange reflective stripes for maximum visibility at all times. Made of reinforced polymer, this mini-marker is designed to be used in conjunction with “New Jersey” type concrete safety walls to delineate a work area or separate traffic lanes. For long term road work, the T-RV-11 mini-marker offers maximum visibility.

Technical Informations

Product N°: T-RV-11-R (Single-sided)
T-RV-11-RV (Double-sided)

Dimensions
Height: 762 mm (30")
Width: 265 mm (10,43")
Weight: 0,8 kg (1,8 lbs.)

Materials
Marker: Recycled ABS with UV protection
Orange Sheeting: Diamond Grade – Type VIII
White Sheeting: High Intensity Grade – Type IV

Available Colours:
Marker: Orange
Sheeting: Orange, White, Black

- Quick and easy to install
- Reinforced edge for more rigidity
- Made of ABS for a better adhesion

Options

Personalized identification, custom stencil painting
